Subject: Harvest Landing Project

Dear Planning Commission,

My name is Alex Flores, and I'm a proud resident of the City of Perris. I care deeply about our community and its future, and I truly believe the Harvest Landing project would make a huge positive impact on our city.

Perris has so much potential, and projects like Harvest Landing are exactly what we need to bring new life and opportunity here. This development would create good construction jobs right away and, even more importantly, long-term permanent jobs for local families.

For years, many of us have had to drive to nearby cities for stores and restaurants that we wish we had right here at home. A Sam's Club, Dick's Sporting Goods, Sprouts, or even restaurants like Buffalo Wild Wings and Olive Garden would finally give Perris residents the same conveniences and options other communities already enjoy. And having our own Petco would be a first for the city — something small but meaningful for pet owners like me.

Harvest Landing isn't just about new businesses — it's about giving our community a chance to grow, to thrive, and to keep more of our hard-earned money in our own city.

Please vote YES on the Harvest Landing project. Let's invest in Perris and

build a stronger, better future together.

Thank you for your time and for all that you do for our community.

Sincerely,

Alex Flores
