Subject: Harvest Landing Project

Dear Planning Commission,
I am a resident of the City of Perris, and I'm writing to express my strong support for the Harvest Landing project. This development is something our community truly needs.
The project will not only create valuable construction jobs but will also bring many permanent employment opportunities to the area. Additionally, the proposed businesses—such as Sam's Club, Dick's Sporting Goods, Sprouts, Buffalo Wild Wings, Olive Garden, and Petco—would provide services and shopping options that Perris residents currently have to travel elsewhere to find. Petco would even be the city's first dedicated pet store, which is an exciting and much-needed addition.
I respectfully urge you to vote **yes** on the Harvest Landing project. It represents a significant step forward for Perris and will greatly benefit our community.
Thank you for your time and consideration.
Sincerely,
Edward Tapia
