Subject: Harvest landing project

To planning commission
I am a resident that lives in the city of perris my name is ISAIAH SANCHEZ
This project is important for me because I would get to work close to home able to spend more time with my family this isn't just a construction job but a stable/permanent job for many residents in the city of perris lots of us drive far for work and get home late for no time to spend for family SAY YES TO THE HARVEST LANDING
thank you for you time my name is Isaiah Sanchez PROUD UNION CARPENTER
