CENTER

(206) PERRIS RESIDENTS

# THE VALLEY PARKWAY CENTER

I support the Valley Parkway Center project in the City of Perris. I have met with project representatives and have discussed all the benefits of the project. I like that they have found a suitable use for the lot next to the sewer treatment plant that has been vacant for decades and likely will never be developed due to its location. I like that the Project includes a reduction of 570,000 s.f. of approved potential industrial warehousing within the City. I like that it creates the ability to add new quality restaurants, shopping, a hotel, and self-storage, which we desperately want in the South Perris area. The creation of over 400 new jobs for local workers are jobs we really need. The ability to improve Case Rd and add a sidewalk from the project shopping center to the Metrolink station will help with safety and commuting. This project makes sense and I support it. We urge the Perris City Council to approve this project.

Apoyo el proyecto del Valley Parkway Center en la ciudad de Perris. Me he reunido con representantes del proyecto y he hablado de todos los beneficios del mismo. Me gusta que hayan encontrado un uso adecuado para el terreno junto a la planta de tratamiento de aguas residuales que ha estado vacante durante décadas y probablemente nunca se desarrollará debido a su ubicación. Me gusta que el proyecto incluya una reducción de 570.000 pies cuadrados de potencial de almacenamiento industrial aprobado dentro de la ciudad. Me gusta que cree la capacidad de añadir nuevos restaurantes de calidad, tiendas, un hotel y autoalmacenamiento, que es lo que deseamos en el área de South Perris. La creación de más de 400 nuevos puestos de trabajo para trabajadores locales son puestos de trabajo que realmente necesitamos. La capacidad de mejorar Case Rd y añadir una acera desde el centro comercial del proyecto hasta la estación Metrolink ayudará con la seguridad y los desplazamientos. Este proyecto tiene sentido y lo apoyo. Instamos al Ayuntamiento de Perris a que apruebe este proyecto.

# THE VALLEY PARKWAY CENTER

I support the Valley Parkway Center project in the City of Perris. I have met with project representatives and have discussed all the benefits of the project. I like that they have found a suitable use for the lot next to the sewer treatment plant that has been vacant for decades and likely will never be developed due to its location. I like that the Project includes a reduction of 570,000 s.f. of approved potential industrial warehousing within the City. I like that it creates the ability to add new quality restaurants, shopping, a hotel, and self-storage, which we desperately want in the South Perris area. The creation of over 400 new jobs for local workers are jobs we really need. The ability to improve Case Rd and add a sidewalk from the project shopping center to the Metrolink station will help with safety and commuting. This project makes sense and I support it. We urge the Perris City Council to approve this project.

Apoyo el proyecto del Valley Parkway Center en la ciudad de Perris. Me he reunido con representantes del proyecto y he hablado de todos los beneficios del mismo. Me gusta que hayan encontrado un uso adecuado para el terreno junto a la planta de tratamiento de aguas residuales que ha estado vacante durante décadas y probablemente nunca se desarrollará debido a su ubicación. Me gusta que el proyecto incluya una reducción de 570.000 pies cuadrados de potencial de almacenamiento industrial aprobado dentro de la ciudad. Me gusta que cree la capacidad de añadir nuevos restaurantes de calidad, tiendas, un hotel y autoalmacenamiento, que es lo que deseamos en el área de South Perris. La creación de más de 400 nuevos puestos de trabajo para trabajadores locales son puestos de trabajo que realmente necesitamos. La capacidad de mejorar Case Rd y añadir una acera desde el centro comercial del proyecto hasta la estación Metrolink ayudará con la seguridad y los desplazamientos. Este proyecto tiene sentido y lo apoyo. Instamos al Ayuntamiento de Perris a que apruebe este proyecto.

# THE VALLEY PARKWAY CENTER

I support the Valley Parkway Center project in the City of Perris. I have met with project representatives and have discussed all the benefits of the project. I like that they have found a suitable use for the lot next to the sewer treatment plant that has been vacant for decades and likely will never be developed due to its location. I like that the Project includes a reduction of 570,000 s.f. of approved potential industrial warehousing within the City. I like that it creates the ability to add new quality restaurants, shopping, a hotel, and self-storage, which we desperately want in the South Perris area. The creation of over 400 new jobs for local workers are jobs we really need. The ability to improve Case Rd and add a sidewalk from the project shopping center to the Metrolink station will help with safety and commuting. This project makes sense and I support it. We urge the Perris City Council to approve this project.
