Good Evening Mr. Perez,

The purpose of this email is to voice my opposition to the proposed industrial buildings being considered on Case Road, and more than likely, if approved, would mean the end of Perris Valley Airport.

I want to ask you to consider opposing the industrial development due to the increase in the amount of large vehicle traffic that will come with it.

My community was able to meet with some of the city counsel this past month and they expressed their concern at that time, of the City of Menifee, working to make Ethanic a truck rout. Now if this development is approved, the communities around Ethanic/Goetz will soon be boxed in by industrial areas, which is going to cause additional traffic issues, noise issues and safety issues.

Please consider an alternative to approving something that will kill the Perris valley Airport.

Thank you for your time,
Ryan Clabo
