Dear Mr. Perez, Perris Planners, Staff,  
Sometimes you have to see it to believe it. I want you to check out these beautiful formations that are done right here at SKYDIVE PERRIS. When skydivers hear "PERRIS", they think "excellence". You commissioners would be very proud of our part of Perris.... if you were skydivers. We want you to see and learn more about the great fun challenging events that go on daily. If I haven't already sent you enough pictures, and you can't wait to see more, come look at the hundreds more on the Bombshelter Restaurant and Bar walls! Thanks for your tolerance and patience,  
Diane Conatser
