Hello! My name is Misty Cordray.

I have grown up and lived in Perris for 41 years :) and half of that time ( 23yrs) I have been working at "The Bombshelter" bar and grill on site at the Perris Valley Airport / Skydive Perris!

It is in jeopardy of closing if new building plans proceed on the North side of the runway...

The beloved and world famous Drop zone and Bombshelter are my second home!! And all on it are like family!  
Many awesome people would be out of work and the City would lose revenue and tourism!

The Airport has been here for 90 years and helped put Perris CA. on the map!!

Don't let it be shutdown!

Please help!!!

Thanks for listening :)

Sincerely ,

"Bombshelter Misty"
