Subject: Opposition to a Planned Perris Airport Logistics Centre
Date: Wednesday, November 1, 2023 12:40:01 PM

Dear Sir,

I am a British Serviceman and am currently on detachment with the Royal Air Force at Skydive Perris.

I have been informed that if a planned logistics centre were authorised close to Skydive Perris then it could severely affect Parachuting Operations at the facility.

We are a huge detachment of upto 100 personnel at a time, and we come to Perris three times per year, as well as bringing business to Skydive Perris, we also add a huge amount to your local economy in local restaurants, bars, hotels etc.

We have been welcomed at Skydive Perris for over 20 years and the value it adds to NATO forces is not to be taken lightly in an ever changing world. Should this be lost, there could be a large impact on Operational Trg which could impact allied forces.

Respectfully,

Flight Sergeant Steve Forster
