Subject: Perris Airport Logistics Center

11/16/2023

Dear Mr. Perez,

My Name is Ronald Lay. I worked as a pilot full time for the Conatser Family from 1979 to 1982 and part time to the present. Now I fly for them one day a week mostly just to keep myself active since I retired eight years ago from working as a Pediatric RN for 30 years.

I'm not going to reiterate all the problems, so far stated, the proposed development at the north end of Perris Valley Airport would create. Many people depend on the amazing organization of Skydive Perris, created by the Conatser Family over two generations, for employment, recreation, and world competition training. Not to mention a host of other countries for military training along with are own U.S. military.

The Conatser Family has worked tirelessly, with honesty and integrity, to build one of the best, if not the best parachuting center recognized worldwide. I know people across the globe who truly love them for what they do and who they are. A third generation is hoping to take over some day.

I ask you please, if it is in your power not to let this development go through as planned, please do so.

Respectfully,

Ronald Lay
