I just heard about the changes the City wants to make to our beautiful drop zone. I am not a skydiver, but my husband was for over 40 years. I have been out to Perris so many times to watch the wonderful activities and friendships. Although my husband passed away several years ago. I frequently go out there to watch the skydiving and visit with friends. My granddaughter is looking forward to doing her first tandem out there in a few months for her 18th birthday. This is the best drop zone in So. Cal. It would be a tragedy to change it and make it a commercial zoning. It needs to be left alone and treasured for the amazing place it is. People from all over the US and other countries come out here because of the welcome, fun and safety they are always assured. Please don't let this happen.

Sincerely,

Pam McGarry
