Hello Mr. Perez

I have an email for the city and all those involved.

I am in support of the Perris Skydiving Facilities and against any further Warehouses being built in the City I grew up in. PERRIS is slowly losing its identity to warehouses and slowly becoming a depressing industrial warehouse infested dump. Losing our Sky Diving is losing our tourism losing our activities losing one of the biggest skydiving facilities in Southern California that brings much attention to our town from World records being broken to multiple celebrity attention. ALL of that over some overcrowded disgusting warehouse buildings. I want to ask everyone in this idea. How do they see the future of Perris?? if they care for the city? or the money? because the answer is very clear as of these times! Unacceptable that those leeches running the city are allowing this to happen and need to be removed immediately.

Keep testing the city and community with more Warehouses and we will retaliate to take our once beloved town back!

What's next? Remove the train museum? Will I be seeing warehouse in our Downtown??
Perris needs to focus on our PEOPLE OUR EDUCATION WE DESERVE MORE THAN WAREHOUSES. I SEE LOW EFFORT TO NO EFFORT FOR OUR COMMUNITY AND RATHER GO THE EASY ROUTE TO SELL LAND TO WAREHOUSE COMPANIES UTTERLY SHAMEFUL WE ARE A TOWN A CITY NOT A BUSINESS OR COMPANY KEEP IT AWAY FROM US!

I and thousands of others are in to keep our Sky Diving here and nowhere else THANK YOU
