**Subject:** Save Perris Skydive

I'm writing this email in regards of y'all wanting to build more warehouses in the skydive area. As a resident of Perris theres already to many warehouses we the people don't want any more warehouses build something for the community/resident to enjoy. the Perris skydiving is what Perris is known for and attracts tourist. Some of the streets here in Perris need paving look into that to help have safe streets to drive on. No more warehouses in Perris!
