Hello.

My name is Patricia Regalado mother of 4 who moved to Perris 3 years ago from Los Angeles. I currently live in the May Ranch area. I just wanted to take a moment and express my concern over the news of more warehouses being built in the city of Perris. When my family and I selected the City of Perris to purchase our first home we never imagined we would be surrounded by warehouses left and right. Now, it heavy traffic on the 215 almost like in Los Angeles. I hope you guys reconsider and think a bit more about us the people, why not more activities for kids/teens, stores, restaurants, schools??? If you guys continue to built warehouses why not consider changing the name of Perris to Perris of Instrustry?

Thank you for your time

Patricia Regalado
