**Subject:** Community Concerns for Perris Valley Airport  
**Date:** Thursday, November 9, 2023 9:29:41 AM

---

Dear Mr. Perez,

I join with many others to urge careful consideration of any development that might negatively impact the functionality of Perris Valley Airport as an airport and a drop zone. I realize the details will have been enumerated to you many times, so won't add another repeat. However, I do want to add my name to the list supporting the airport. Skydive Perris is one of the most important skydiving centers in the world — that is not hyperbolic rhetoric. Every year thousands of skydivers from around the world arrive to Perris, all because of the drop zone.

It would seem to be in the community's interest to preserve such a valuable asset.

Thank you,

Adrian Spence
