**Subject:** Perris Skydive impacted by new warehouse near airport  
**Date:** Monday, October 30, 2023 5:32:39 AM

---

Dear Mr. Perez,

As a fan of skydiving although not a participant myself yet ( my wife is ) I would like to respectfully ask you to reconsider this particular project at this location. The negative impact on the skydiving facility at the Perris airport most likely will effectively end this sport at this location and also end the economic benefits it brings to the community. Southern California in general and the overall Perris area is already awash in warehouses with not enough infrastructure to support it. Please encourage this developer to find another location for this project that will not harm the skydiving environment at the airport.

Thank You,

Chuck and Kathy Williams  
Apple Valley CA
