

STARTING A NEW HOME OCCUPATION

Starting a business in your home is easy, but requires that you follow certain guidelines. Click on the link below to see if your proposed home occupation fits within the guidelines established by the Planning Division. If you meet the definition of a “home occupation,” as defined in Section 19.02.140 of the General Provisions Zoning Code, please download both pages of the business license application and return them to the Business License Division. The City’s Business License Clerk will be able to inform you about the approval process and necessary fees. The business license clerk can be reached at sdelrio@perris-ca.org
