**ACCESSIBLE ROUTE OF TRAVEL**  
**Entrance and Exit Doors**  
**Commercial/Industrial Projects**

***New Construction:***

**2025 California Building Code Volume 1 (CBC Chapter 11B & Division 2)**

**Accessible Route of travel from public sidewalk to entrance:**

**11B-206.2.1 Site Arrival Points:** At least one accessible route shall be provided within the site from accessible parking spaces and accessible passenger loading zones; public streets and sidewalks; and public transportation stops to the accessible building or facility entrance they serve. *Where more than one route is provided, all routes must be accessible.*

**Accessibility at Exterior Doors:**

**11B-206.4.1 Entrances** – All entrances shall comply with Section 11B-404

**11B.202.5 Alterations to qualified historic buildings and facilities.** *Alterations to a qualified historic building or facility shall comply with the State Historical Building Code, Part 8, Title 24 of the California Code of Regulations.*

---

**Chapter 2 – Section 202 – Definitions See Below:**

**ACCESSIBLE:** A site, building, facility, or portion thereof that is approachable and usable by persons with disabilities in compliance with this code.

**ACCESSIBLE MEANS OF EGRESS:** A continuous and unobstructed way of egress travel from any accessible point in a building or facility to a public way.

**ACCESSIBLE ROUTE:** A continuous unobstructed path connecting accessible elements and spaces of an accessible site, building or facility that can be negotiated by a person with a disability using a wheelchair, and that is also safe for and usable by persons with other disabilities. Interior accessible routes may include corridors, hallways, floors, ramps, and elevators

and lifts. Exterior accessible routes may include parking access aisled, curb ramps, crosswalks at vehicular ways, walks, ramps, and lifts.

**PATH OF TRAVEL:** [DSA-AC] An identifiable accessible route within an existing site, building, or facility by means of which a particular area may be approached, entered, and exited, and which connects a particular area with an exterior approach ( including sidewalks, streets, and parking areas), an entrance to the facility, and other parts of a facility. When alterations, structural repairs, or additions are made to existing buildings or facilities, the term “path of travel” also includes the toilet and bathing facilities, telephones, drinking fountains, and signs serving the area of work.
